

# About us

Members 1st Credit Union was chartered in 1951 as a member-owned, not-for-profit financial cooperative with staff and management committed to serving members' financial needs. **All members share in the net profits of the credit union** by receiving dividends on their savings. These savings, in turn, are pooled to make low-cost loans to fellow members.

## Credit unions are unique

- As a credit union member, you are also an owner. Your share in the credit union signifies your ownership and secures you an equal vote in governing Members 1st Credit Union.
- Once you become a member, you can remain a member for life, even if you move, change jobs or retire.
- Your credit union is governed by volunteers serving on the board of directors and audit committee. These individuals are members, like you, who have your best interests at heart.
